TWO-PARTY QUID PRO QUO BEHAVIOR CONTRACT TEMPLATE

Note. Quid pro quo contracts are developed so that one person’s behavior change is the reinforcer for another person’s behavior change.

Student

I <<student’s name>>, agree to <<label expectation>>.

This means that <<define behavior, with examples and non-examples>>.

____________________________________  _______________________________________

<<student’s name>>  Date

Adult

I <<2nd parties (adult’s) name>>, agree to <<label expectation>>.

This means that <<define behavior, with examples and non-examples>>.

____________________________________  _______________________________________

<<adult’s name>>  Date
